ACTIU: 50 YEARS DESIGNING PUBLIC SPACES AND WORKSPACES.

Actiu is an industrial company working within the installation sector and specialising in the manufacture of furniture. Actiu's flexibility and productive capacity enable the company to carry out comprehensive equipment projects worldwide, providing solutions that favour the wellbeing of people.

ACTIU, 50 AÑOS DISEÑANDO ESPACIOS PÚBLICOS Y DE TRABAJO.

Actiu es una empresa con una trayectoria industrial en el sector de la instalación, especializada en la creación de mobiliario, cuya flexibilidad y capacidad productiva permite desarrollar proyectos de equipamiento global a nivel internacional aportando soluciones que ofrezcan el bienestar de las personas.

ACTIU, 50 ANS DE CONCEPTION D'ESPACES PUBLICS ET DE TRAVAIL.

Actiu est une entreprise dotée d'un parcours à caractère industriel dans le secteur de l'installation, qui se spécialise dans la création de mobilier, et dont la flexibilité et la capacité de production permettent de développer des projets d'équipement global à un niveau international, tout en apportant des solutions qui puissent offrir du bien-être aux personnes.

ACTIU, 50 JAHRE DESIGN UND PRODUKTION VON MÖBELN FÜR ÖFFENTLICHE EINRICHTUNGEN UND ARBEITSRÄUME.

Unsere ständige Forschung, Weiterentwicklung, Flexibilität und Erfahrung ermöglichen es uns, Projekte im privaten und öffentlichen Bereich der verschiedensten Sektoren auf nationaler und internationaler Ebene durchzuführen. Stillstand ist uns fremd. Uns treibt das Bedürfnis an, näher an den Menschen zu sein und Lösungsmöglichkeiten zu entwickeln, die den Endnutzern Wohlgefühl bieten.

ACTIU TECHNOLOGY PARK
LEED® PLATINUM certified by USGBC
Leadership in Energy & Environmental Design
LEED® Gold certified 2011 • LEED® Platinum certified 2017

This recognition of the American Green Building shows how Actiu's sustainable policy supports the efficient use of natural resources that is paramount within our construction and design.

With an unwavering commitment towards the preservation of the environment, ACTIU is proudly the first European Industrial Company to receive this excellent certificate. The success provided by this award has become a main motivating catalyst for our formidable commitment towards sustainability, innovation and the territory- a tripartite of values that deeply features our company.

- Total surface: 200,000 m²
- Green areas: 130,000 m²
- Three production plants: 40,000 m²
- Logistics Centre: 18,000 m²
- Three floors Corporate HQ: 6,000 m²
- Meeting points and indoor gardens: 2,000 m²
- Cisterns for 12,000 m³ of rainfall water.
- Solar plant: 8,000,000 kWh per year
- Prevents 8,300 Tons of CO₂ emissions per year
- Sport Centre, Gym

DIGITAL TRANSFORMATION

A CULTURAL
CHANGE

operandum

DIGITAL TRANSFORMATION

A CULTURAL CHANGE

WHAT IS THE DIGITAL TRANSFORMATION?

The digital transformation is the integration of digital technology in all areas of a company, changing the way it operates and providing value to its customers. It also involves a cultural change that requires organizations to constantly challenge the status quo, experience and feel comfortable with failure.

Digital transformation can involve the re-elaboration of products, processes and strategies within the organization through the use of digital technology.

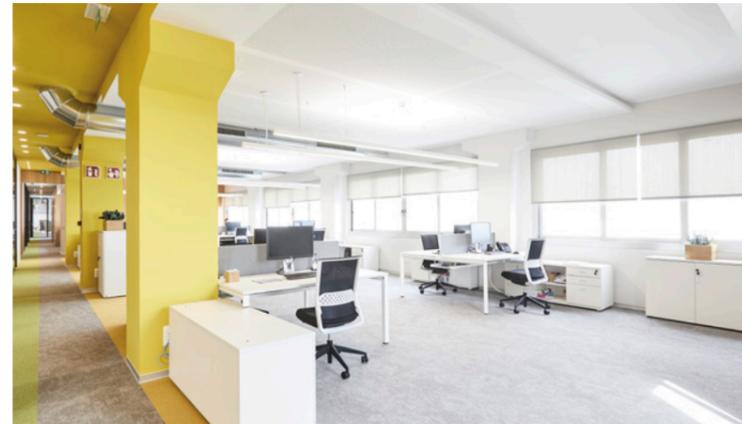

DIGITAL TRANSFORMATION

A CULTURAL CHANGE

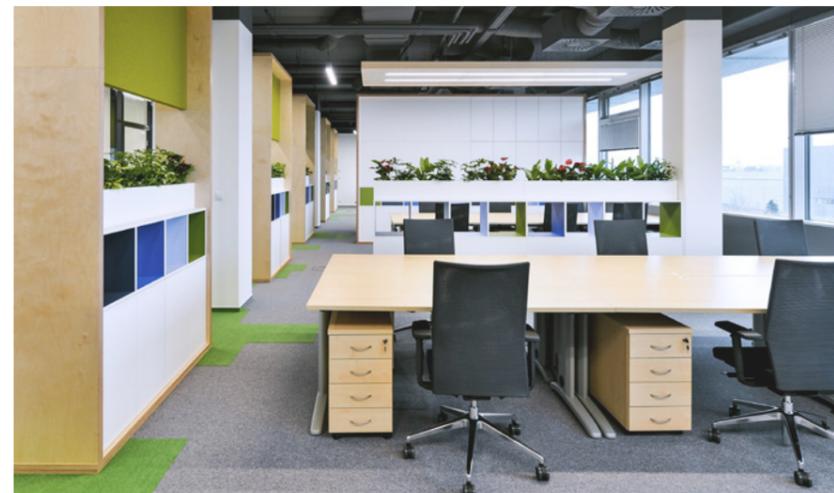

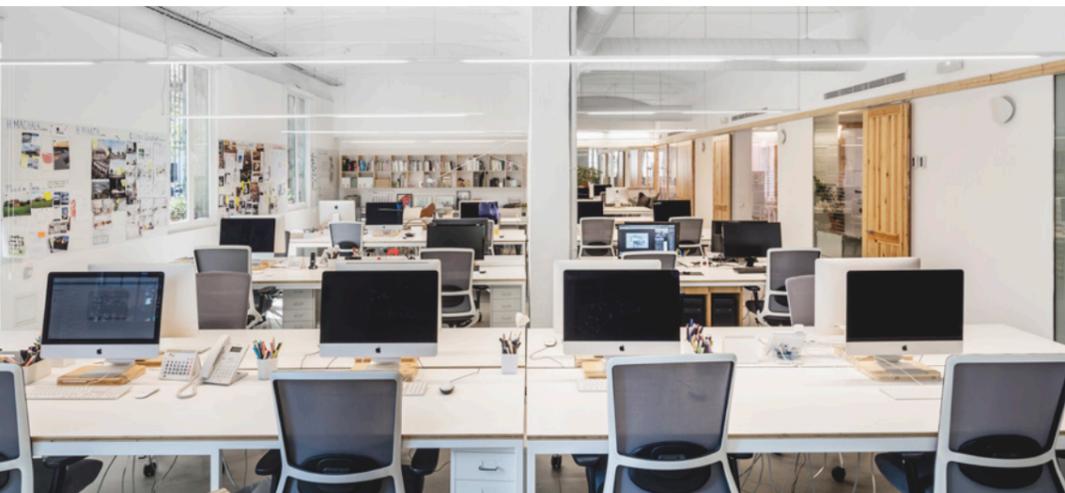

BUSINESS
SUCCESS

NEW BUSINESS
CHANCES

The digital transformation and its progressive implementation will introduce important changes in the profiles of workers, jobs and the types of work to be performed by people in the office environment. The reduction of repetitive tasks, as well as the implementation of technology in furniture, will require a continuous adaptation of the office space, which should be adapted to the functions of the people.

COSTS
REDUCTION

CUSTOMER
ACQUISITION

Each control system has its individual benefits, but integrated into the space and furniture, sharing data and capacities, will allow the OFFICE OF THE FUTURE to automatically react in order to optimise the workspace and make employees feel more engaged, healthier and happier.

DIGITAL TRANSFORMATION INTEGRATED SYSTEMS

DEVICES

- Control systems occupational.
- Environmental monitoring systems.
- Monitoring systems. biometrics-people.
- SmartFurniture.

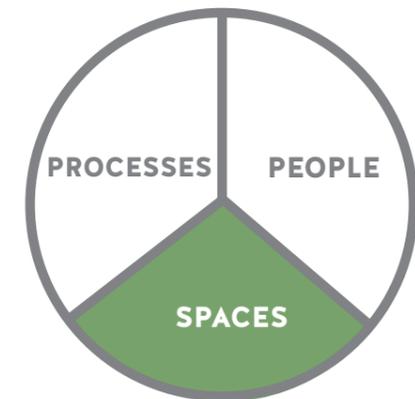

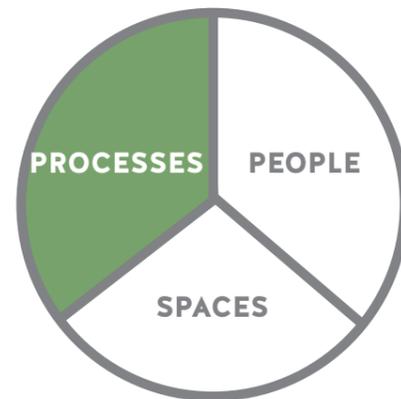

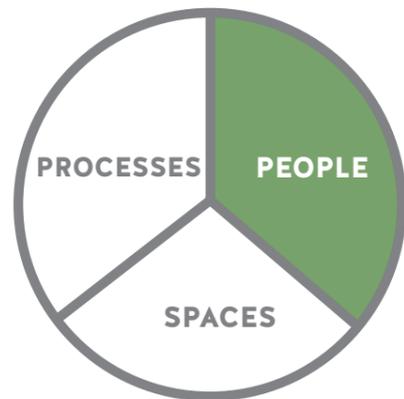

SOFTWARE

- Comprehensive real-time data system.
- Business Intelligence
- Artificial intelligence.
- Machine Learning.

HOME AUTOMATION

- SmartWorkplace.
- Robotics.
- Heating, ventilation and air conditioning (HVAC) & Lighting.
- BAS/BMS (Building Automation & Management System).

DIGITAL TRANSFORMATION

SMART FURNITURE

The new advances in environmental motorization focus on providing more knowledge of the use of space. Intensity and spectrum of light, amplitude and direction of sound, air quality, smell, location, occupation activity.

The challenge lies in the **TOTAL** Integration of these systems into a **UNIQUE** system with control intelligence that can **reduce the use of energy and increase the effectiveness of employees.**

VITAL 300 es el nuevo programa de mesas que se alinea con las nuevas tendencias y necesidades reales de los nuevos trabajadores. Ayuda a generar mayor comunicación y flujos de trabajo más dinámicos.

COMMUNICATING, SHARING
AND COLLABORATE TO
WORK BETTER

Sitting for extended periods of time has many different consequences including muscle pain, hernias, poor circulation and risk of illnesses such as obesity, diabetes or heart problems. This program was created to prevent these health problems, with adjustable height desks by Actiu that promotes working sitting down or standing up.

Las consecuencias de pasar demasiado tiempo sentado son muchas y variadas: Dolores musculares, hernias, mala circulación, riesgo de padecer enfermedades como obesidad, diabetes o problemas cardíacos, entre otros. Para evitar estos problemas nace el programa de mesas elevables de Actiu que promueven el trabajo de pie además de sentado.

SIMPLICITY & STRUCTURAL ELEGANCE

Prisma is a Nordic style operative desk program which has an exquisite leg union providing a compact and elegant aspect to the desk, in which each element forms part of the whole object.

Prisma es un programa de mesas operativas de estilo nórdico que, presenta un exquisito sistema de unión en las patas proporcionando un aspecto compacto y elegante en la mesa, en el que cada elemento forma parte de un todo.

The junction of its legs, in a pyramidal shape with a compact aspect, which appears as one single piece, was a challenge in its design and manufacture process.

El entronque de sus patas, realizado de forma piramidal y con un aspecto compacto que parece producido en un sola pieza, ha supuesto un reto en el diseño y proceso de fabricación de esta mesa.

Twist integrates connectivity and technology. This range manages to overturn the way in which we interpret work spaces, the objective of which is to ensure that the people inhabiting them interact, by offering them multiple solutions that grant the office with agility, rhythm, freshness and flexibility.

Twist integra conectividad y tecnología. Un programa que llega para dar un giro a la forma de interpretar los espacios de trabajo, con el objetivo de conseguir la interacción entre las personas que los habitan, ofreciéndoles múltiples soluciones que otorgan agilidad, ritmo, frescura y flexibilidad a la oficina.

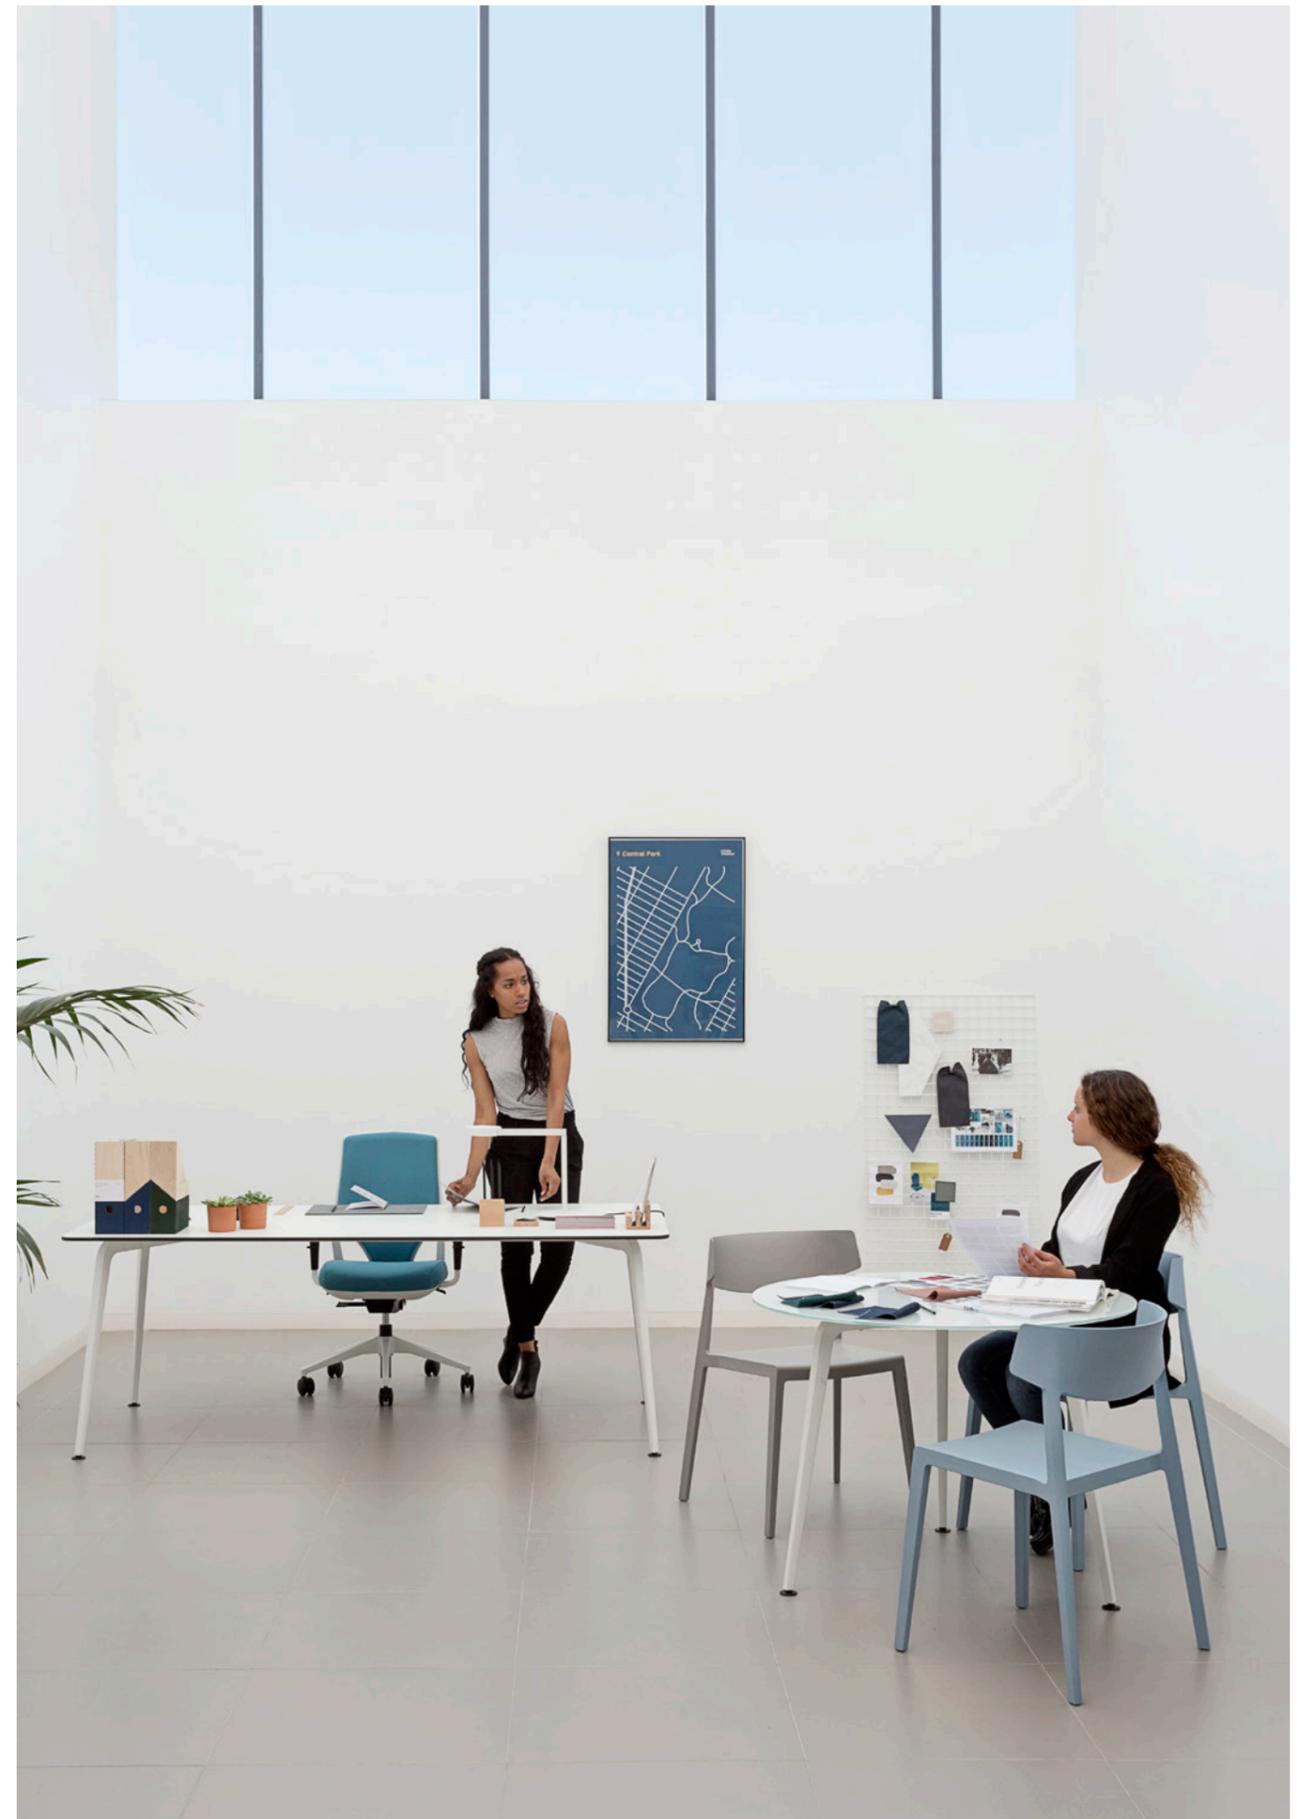

WHEN, WHERE AND HOW THEY WORK

Among its varied range of possible configurations, Twist incorporates "cell", a very practical variable for hot desking, informal meetings or for facilitating cooperation between professionals.

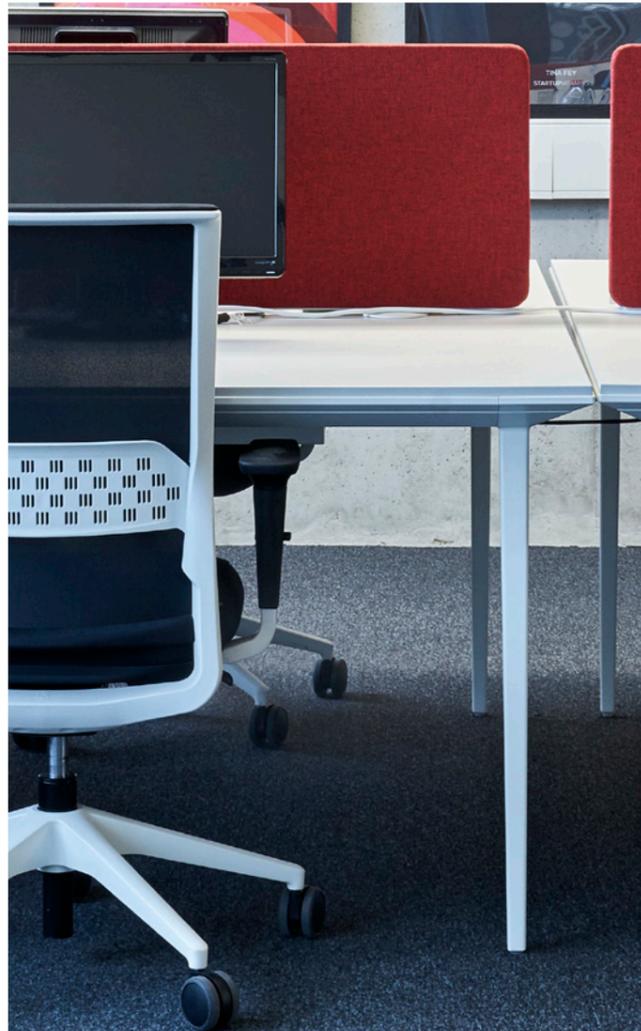

Dentro de la variada gama de configuraciones posibles, Twist incorpora "cell", una variable muy práctica para hotdesking, reuniones informales o para facilitar la cooperación entre profesionales.

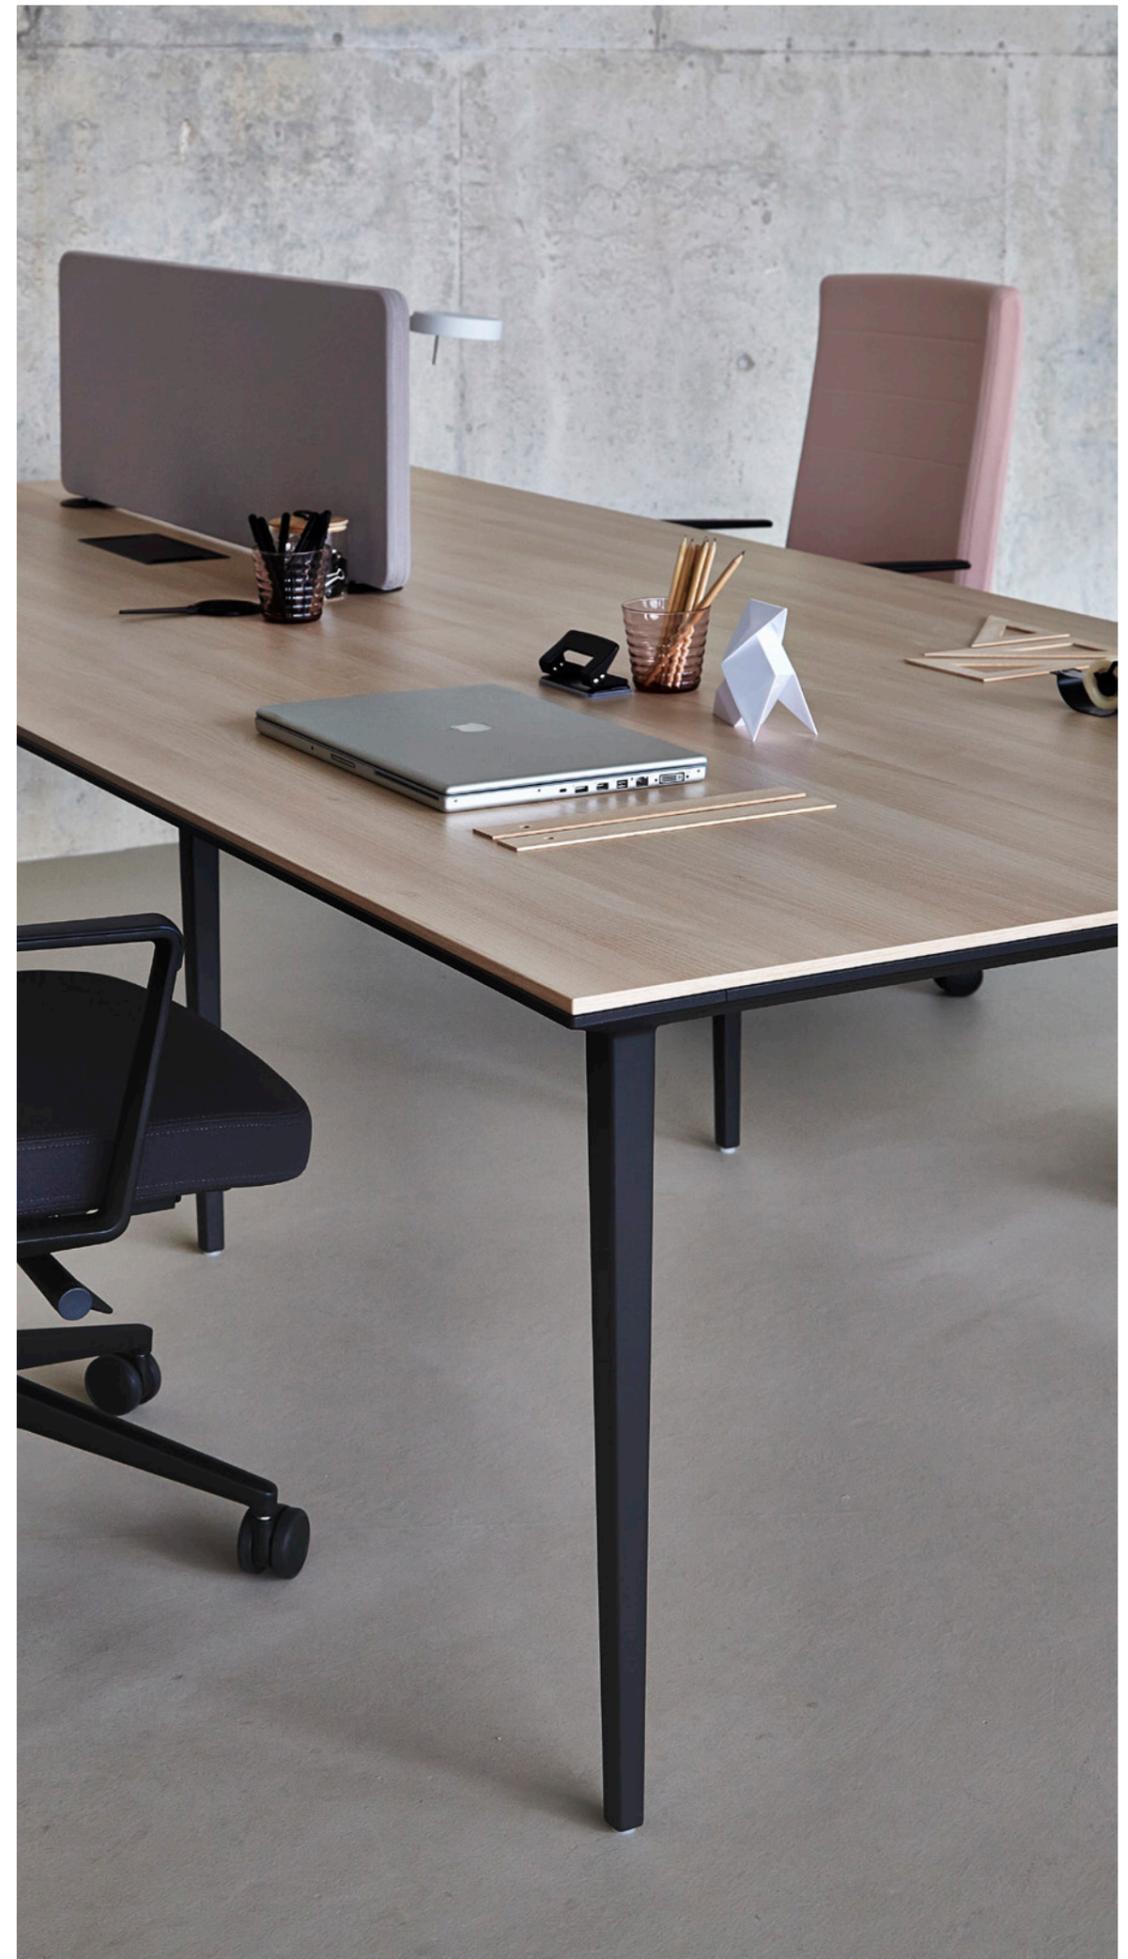

The configuration of LONGO stems from a solid extruded aluminium structure on which we attach the cast iron legs and endless possibilities to achieve the desired environment, always maintaining a unitary visual concept.

La configuración de LONGO nace de una sólida estructura de aluminio extrusionado sobre la que adaptamos patas de inyección de aluminio y un sinfín de posibilidades hasta conseguir el ambiente deseado, siempre manteniendo un concepto visual unitario.

BEST of NEOCON
GOLD AWARD
Lounge Furniture Collections

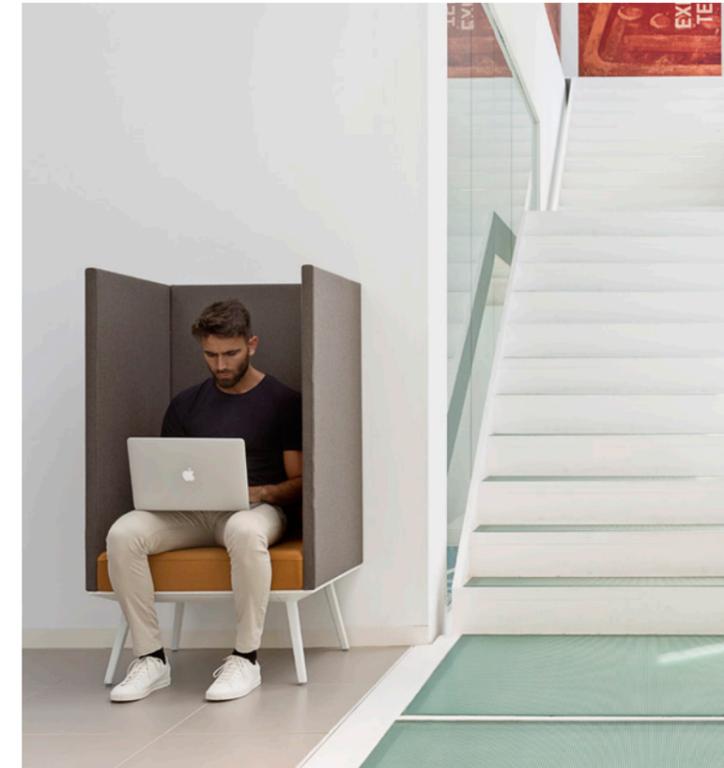

Longo received American recognition when it won the Gold prize for "The Best of NeoCon" in the "Lounge Furniture Collections" category. A comprehensive range of sofas, armchairs, modular structures, filing systems and functional seats that are renowned for their excellent design and the productive solutions they provide.

Longo ha obtenido el reconocimiento americano Gold "The Best of Neocon" en la Categoría "Lounge Furniture Collections". Un programa integral compuesto por sofás, butacas, estructuras modulares, sistemas de archivo y puestos operativos, reconocido por la excelencia de su diseño y las soluciones productivas que ofrece.

LONGO is a modular system consisting of sofas, operative and managerial desks, with storage solutions (cabinets, libraries), accessories and sound absorbing panels which incorporate decorative accessories and items that inspire a cheerful environment.

LONGO es un sistema modular que consta de sofás, mesas operativas y de gestión, con las soluciones de almacenamiento (armarios, bibliotecas), accesorios y paneles que absorben el sonido que incorporan accesorios y elementos que inspiran un ambiente alegre decorativos.

Sometimes daily work becomes routine, pressure blocks our creativity which we wish to avoid so we need somewhere to escape to , to disconnect, relax, breathe deeply and help us restore the optimal level of performance. And what if we told you that this was all possible? and if we told you that it already exists and it is called Longo? Now you don't have to leave the office to disconnect...

En ocasiones el trabajo diario se convierte en rutinario, la presión bloquea nuestra creatividad y nos gustaría poder evadimos y escapar a otro lugar donde desconectar, relajarnos, poder respirar profundamente para recuperar el nivel óptimo de rendimiento. ¿Y si te contáramos que todo esto es posible? y si te dijéramos que ya existe y se llama Longo? Ya no hace falta salir de la oficina para desconectar...

LONGO enables more friendly, open and relaxed environments, where formal structures and dynamic spaces thrive to create a harmonious environment.

LONGO permite dibujar entornos de trabajo más amables, abiertos y distendidos, donde las estructuras formales y espacios dinámicos se nutren entre ellas para crear un ambiente armonioso.

MOBILITY STEP

by Actiu

ELEVA TU SALUD

Mobility, a concept offering both a height adjustable or fixed desk, which synchronously manages your health whilst you work. Standing for a few hours of the working day not only elicits positive health benefits, but also enhances our ability to concentrate and sustain productivity.

Mobility, la mesa elevable capaz de cuidar de tu salud mientras trabajas. Trabajar de pie durante algunas horas de la jornada laboral no sólo repercute de forma positiva en la salud y el bienestar, sino que además mejora la capacidad de concentración y productividad.

Maximum flexibility with advanced engineering, high quality finishes and diversity of styles. Mobility Step also offers outstanding structural robustness, very flexible and easy to assemble.

Máxima flexibilidad con una ingeniería avanzada, gran calidad en los acabados y su diversidad de estilos, Mobility Step además ofrece una robustez estructural sobresaliente, muy flexible y de fácil montaje.

Talent is a collective, mobile, foldable, stackable and raiseable table system, that offers great versatility to multi-use spaces. They also provide an ergonomic improvement, as their height adjustment system does not need an electrical connection.

Talent es un sistema de mesas colectivas, móviles, abatibles, apilables y elevables que aporta una gran versatilidad a espacios polivalentes. Además supone una mejora ergonómica puesto que su sistema de regulación en altura no precisa conexión eléctrica.

KARBON
by ITEMdesignworks

Karbon fiber chair is a wide chair with generous dimensions and extensive arms providing top comfort. The chair combines using an innovative way both carbon fiber resistance with a exclusive design, offering angles and organic surfaces following a 3D effect warp done using a 3K mesh which attracts the light and generates a unique visual effect.

Karbon se presenta como una silla amplia, de dimensiones generosas y dos brazos extensos que favorecen la confortabilidad. La resistencia de la fibra de carbono se conjuga de manera innovadora con un diseño exclusivo que permite ángulos y superficies orgánicas a partir de una trama de efecto 3D conformada mediante malla 3K capaz de captar la luz y generar un efecto visual único.

With an informal yet elegant profile, Whass is intended for contract environments and more modern spaces. Its range of models, finishes and structures allows for varied and flexible usage. Its most remarkable quality is its super-stackability, which enables maximum space optimisation.

Con un perfil informal y refinado, Whass está pensada para ambientes de contract y para espacios más actuales. Su amplitud de modelos, acabados y estructuras le permite un uso variado y flexible. Su particularidad más destacable, es su superapilabilidad, que posibilita la máxima optimización del espacio.

WARMTH NATURAL ELEMENT

A multifunctional product that's light and easy to move, based on a monoblock framework. It can be easily stacked in a cart with up to 30 units in a vertical position of up to 15 units.

Un producto multifunción, ligero y fácil de desplazar que, a partir de una carcasa monoblock, se puede apilar de forma sencilla en un carro con hasta 30 unidades y en posición vertical, en hasta 15 unidades.

TRIM, the new work chair from Actiu, designed by Alegre Design, was created to take care of people, enhancing their wellbeing and providing high performance support. This chair offers extensive customisation options and features with an adjustable backrest, which enhances comfort. High technical specifications combined with very competitive prices.

TRIM, la nueva silla operativa de Actiu, diseñada por Alegre Design, nace para cuidar a las personas, reforzando su bienestar y proporcionando un respaldo de altas prestaciones. Esta silla ofrece extensas opciones de personalización y cuenta con un respaldo elevable en altura, que potencia el confort. Unas altas capacidades técnicas que se conjugan con unos precios muy competitivos.

FACILITATES MOVEMENT

A versatile, ergonomic and flexible product which helps the user feel good and to be more productive, while taking care of back and body comfort, all from a design that can fit into any space.

Un producto versátil, ergonómico, y flexible que ayuda al usuario a sentirse bien y ser más productivo, cuidando de la espalda y de la comodidad del cuerpo a partir de un diseño capaz de encajar en cualquier tipo de espacio.

TNK FLEX

by Alegre Studio

TNK FLEX is a program of operational chairs in which the use of new materials and application of the latest technology gives a sophisticated response to the needs of each user. Technological innovation drawn from a characteristic reticular designed back support whose formation provides an anthropometric adaptation which distributes the weight evenly enabling perspiration of the back.

TNK FLEX es un programa de sillas operativas en el que el empleo de nuevos materiales y la aplicación de últimas tecnologías responde con sofisticación a las necesidades de cada usuario. Innovación tecnológica constituida a partir de un respaldo cuya conformación proporciona una adaptación antropométrica que distribuye de forma homogénea el peso favoreciendo la transpiración de la espalda.

Flex incorporates in its seat a new AIRFLOW COMFORT SYSTEM, a new technology developed by Actiu Research and Development Department by means of air compression and piping to provide maximum comfort.

Flex incorpora en su asiento el nuevo sistema AIRFLOW COMFORT SYSTEM, una nueva tecnología desarrollada por el dpto. de I+D de Actiu, en la que mediante la compresión y canalización del aire ofrece el máximo confort.

50 ANIVERSARY

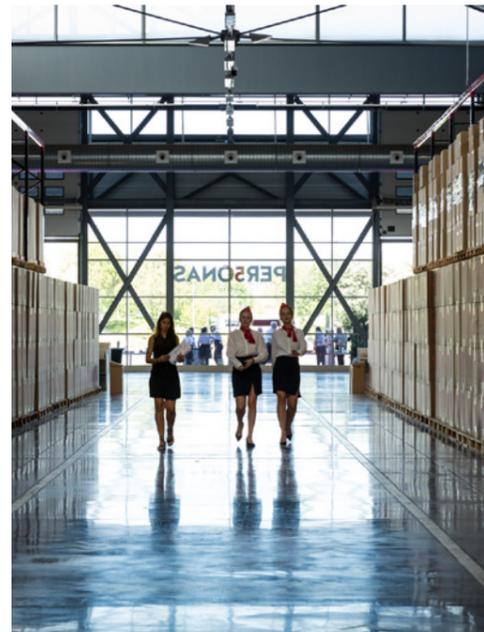

TRIP TO
THE NEXT
50 YEARS

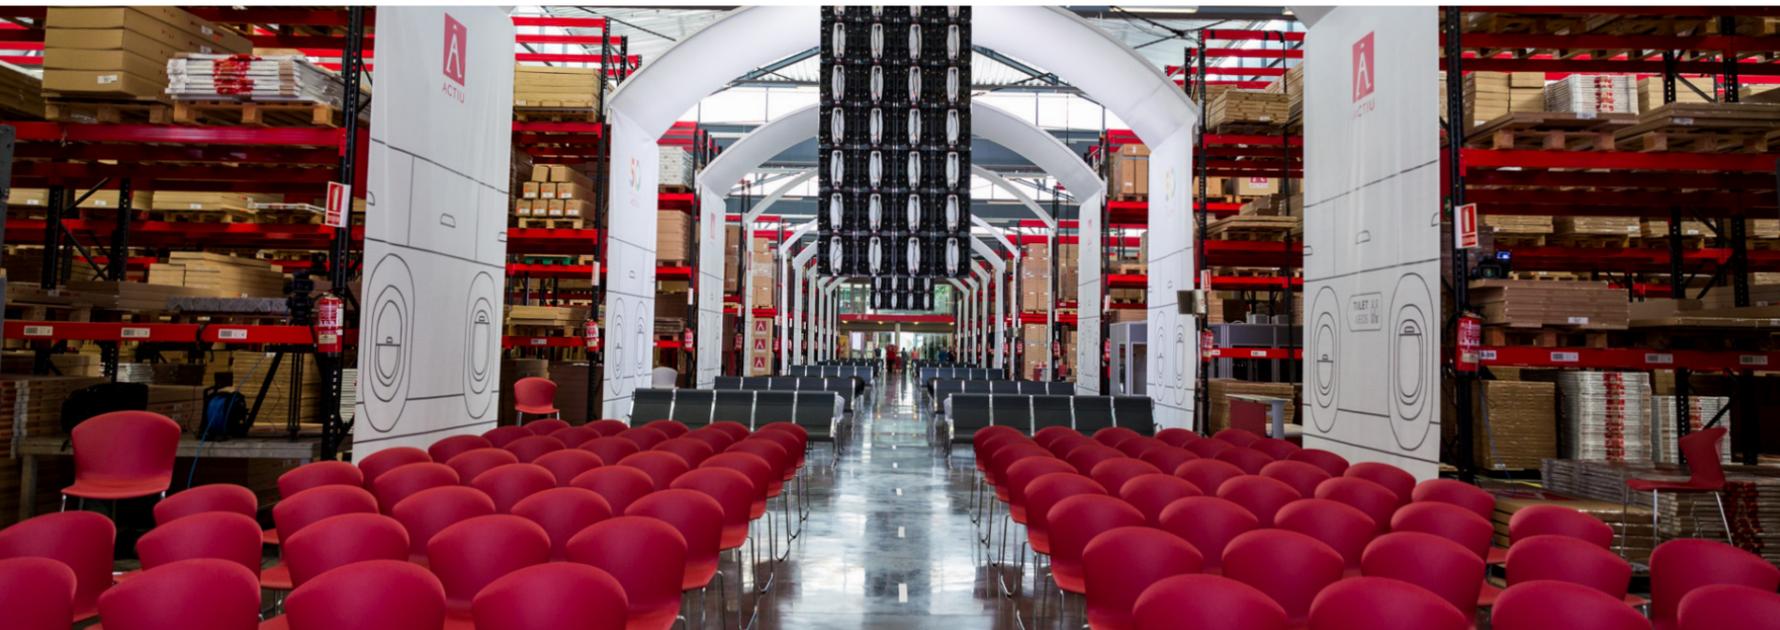

operandum

DAY 1 A TRANSFORMER TRIP

HIGH-FLYING EXPERIENCE

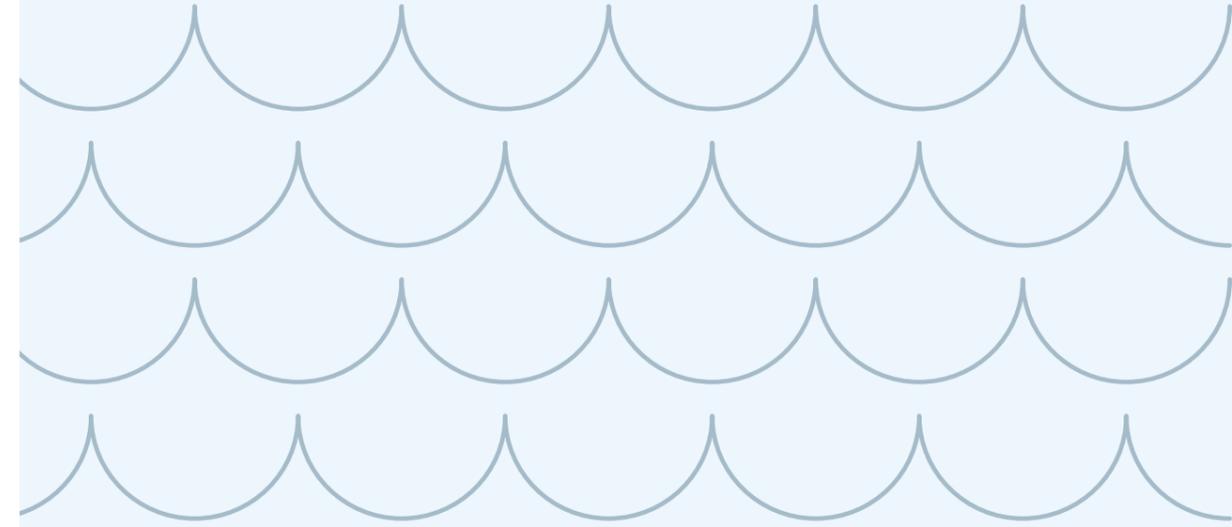

The first day was completed with a series of **talks on millennial culture, technology and creative leadership**. The lecture was presented by Raquel Aullón, after which three internationally prestigious keynote speakers addressed the keys to the **issues that are currently impacting** business culture.

During this day, Actiu surprised the audience with **T4 Stories**, four short films from young Alicante producers in an innovative vertical format like a mobile phone screen.

DAY 1
A TRIBUTE TO ORIGINS

CONTEMPORARY
MEDITERRANEAN

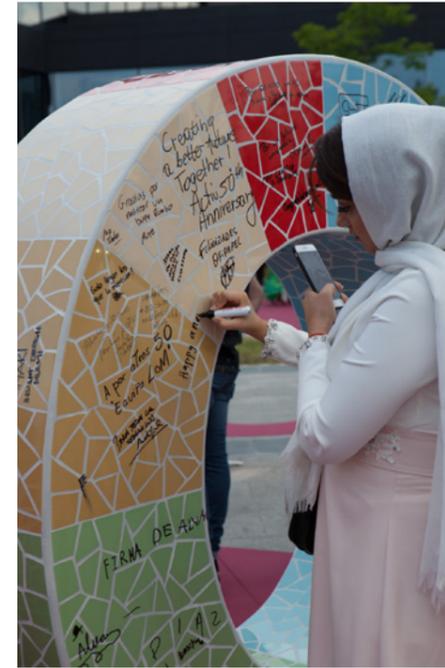

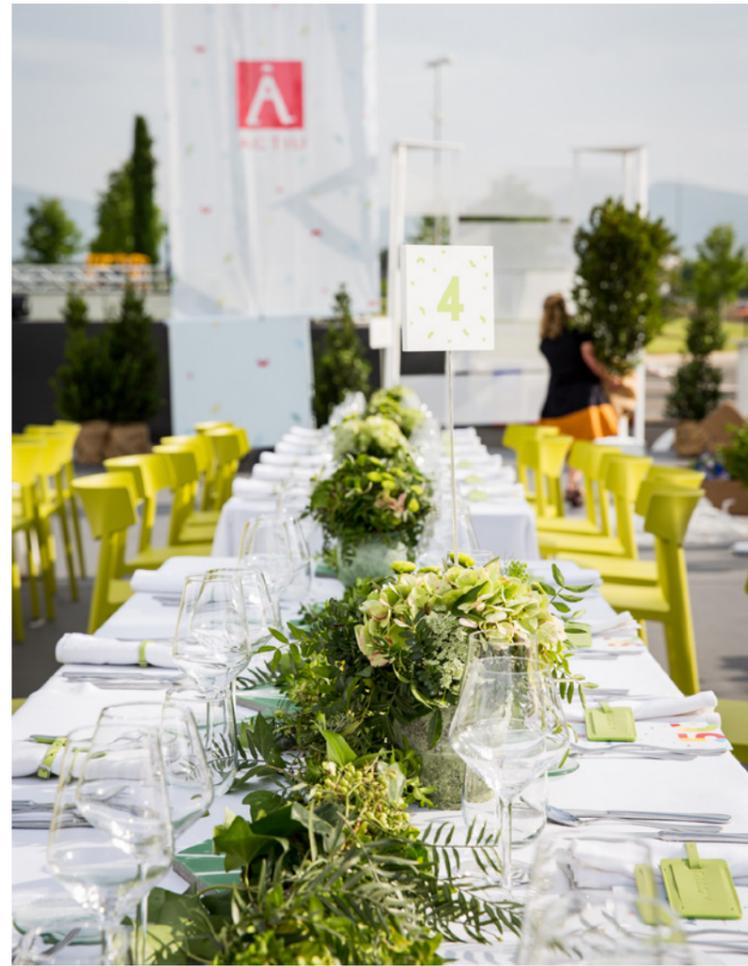

As a grand finale to this first day the **19th Century building known as “La Venta Flores”**, located in the Actiu Technology Park was inaugurated. It is an old farmhouse which had always been a meeting point for travelers and merchants. Actiu has renovated this space, while respecting its essence and emphasising commitment to the local area, design and architecture, to transform it into a new space to host exhibitions, conferences and training activities.

Its original layout was designed to encourage meeting up: with guest rooms to accommodate travellers, a large kitchen and dining room on the ground floor, and a courtyard, drinking trough and outbuildings for animals. The architecture is typically Mediterranean, giving importance to light, water and to the communal areas; elements that inspired the Technology Park and which were respected when it was time convert this space.

DAY 2
GALA DINNER

LIGHT & SOUND
EXPLOSION

On the second day, the 28th of June, a **gala dinner** was held in the outdoor gardens at the Actiu Technology Park. This dinner tried to offer guests a Mediterranean experience of light, colour and aromas, chords and gunpowder

Each day of the 50th anniversary celebrations had as **their objective the consolidation of human relationships for a company that has built itself on the idea on the importance of people.** Vicent Berbegal, President of the company, was host over these few days, accompanied by his daughters Carmen, Laura and Soledat Berbegal, along with his son Vincent junior, who represented the **second generation of the company.**

DAY 3
ACTIU TEAM DINNER

The celebration ended with a dinner, on 29th of June, which the **workers who are part of this family** company as well as company collaborators were invited to
